

Track Pins

Track pins provide an economical connection between tracks on opposite sides of PCB's without hole plating. Available in strips of 50 pieces and supplied in multiples of 2500.

Material : Brass
Plating : Tin over Nickel

■ Track pin

1: Insert first pin in hole

2: Hold second pin,
detach from first pin

3: Secure pin

ORDERING INFORMATION

TRP-1558-0000

PCB Hole = $\varnothing 0.84$, PCB thickness = 0.79

TRP-1559-0000

PCB Hole = $\varnothing 0.84$, PCB thickness = 1.59

TRP-1563-0000

PCB Hole = $\varnothing 1.00$, PCB thickness = 1.59

TRP-1564-0000

PCB Hole = $\varnothing 1.00$, PCB thickness = 2.38

TRP-1565-0000

PCB Hole = $\varnothing 1.00$, PCB thickness = 3.17

Strip form (patented). Manual Insertion.
Overall pin length is PCB thickness +1.90mm
